## Home Sweet Home

At long last, we have arrived at our permanent home. As of Monday, June 12th, we are officially relocated to 310 N. Superior Avenue. If you have not stopped by, we invite you to come and take a tour at any time.

Our vision early on was that we wanted this building to tell the story of Tomah. Throughout the design process, we took nearly every inch of space into consideration. We wanted significant room to display pictures and pieces of Tomah's history that would be of interest to the public. We hope that as you walk through, you find plenty of opportunity to reminisce and share memories.

On June 12th and 13th, we provided tours to approximately 500 Tomah residents and visitors to the area. These tours were the pinnacle of several years worth of planning. We also had the high honor of being able to show off the building to a few of the gentlemen that lived and worked here! (Pictured are Garry Rayrola, Jim Kincannon, and D. Wayne Mashin)

Thank you for your support over the last several years as we worked to get into our new home. The support we've received from Tomah has been outstanding. We are so proud to be able to provide Tomah with a beautifully renovated piece of history.

## 2017 Tomah Truck & Tractor Pull

There are many tractor pulls in the world, but there is only one Budweiser Dairyland Super National Truck and Tractor Pull and that event is hosted right here in Tomah Wisconsin! This year, we had approximately 60,000 visitors come in the area to attend the event. Included in those 60,000 visitors are also folks from various areas of Europe. This event takes year round planning from dozens of dedicated individuals who are enthusiastic about showing off Tomah and the Tractor Pull circuit.

# Take a closer look...

## at how you can benefit with **U-Select<sup>®</sup>**

### Monroe County Businesses

The **U-Select** benefits program from Combined Worksite Solutions is definitely worth a closer look. It's one of the most extensive supplemental benefit programs available today. **U-Select** allows employers like you to enhance your current employee benefit program with appropriate supplemental benefits — *without* additional direct costs to your organization's bottom line.

**U-Select** is built on three essential components:

- Communication and education of benefits and their value.
- A simplified benefit needs analysis.
- The opportunity for your employees to obtain appropriate, affordable and permanent insurance solutions — in addition to the benefits you already provide.

#### The Worksite Solutions advantage

Thousands of businesses and organizations nationwide have implemented the **U-Select** program. Discover for yourself the value of working with a company that has the workplace marketing experience and expertise to coordinate and implement this program with relatively little effort required by you.

Take advantage of the **U-Select** program today. We make it easy.

**To find more about how **U-Select** can work for Monroe County Businesses , contact Mitch Gault at (608) 220-2323 or at [Mitchell.Gault@Combined.com](mailto:Mitchell.Gault@Combined.com).**

Look at some reasons why employers implement the **U-Select** program:

- **Expand** your benefits package without additional direct costs to your business.
- **Communicate** the value of the benefits you provide.
- **Retain** good employees without expecting more of your human resources staff.
- **Empower** employees to select benefits based on *their* needs.
- **Manage** your business' benefits expenses.

# TOMAH VETERANS NEED YOUR HELP!

Tomah's very own **Veterans Assistance Foundation, Inc.** is currently remodeling eight apartments above the **G.I. Need That** veterans resale shop and **Cup O' Joe Coffee Shop** at 1118 Superior Avenue, (the old Hardware Hank.)

Our vision is to create much-needed **affordable apartments** for our **veterans**, in conjunction with the coffee shop and resale store which will provide job training, mentoring and employment close to where they live.

Unfortunately, the apartments were in much worse shape than we anticipated and need a complete renovation. We are at least \$50,000 short of our goal and need your help to complete the dream. VAF is offering sponsorship opportunities for each apartment at several different levels. Please consider helping our veterans with one of our sponsorship opportunities:

## **Apartment Sponsors (Limited to 8): \$10,000**

Allows for signage and naming rights for the sponsored apartment. Pays for the completion of each apartment, including heating and appliances.

## **Laundry Room Sponsor (Limit 1): \$7,500**

Allows for signage and naming rights for the common laundry room. Will help pay for new washers and dryers.

## **Apartment Co-Sponsorship: \$5,000**

Allows a business to partner with another to provide an apartment sponsorship.

Additional Sponsorships Available. Please contact VAF President Chris Hanson for more information at [christopher.hanson@vafvets.org](mailto:christopher.hanson@vafvets.org) or 608-372-8387.

## Timberwood Bank Credit Builder Loan

We all know the importance of having good credit. It impacts many aspects of our lives, including making large purchases, getting a loan, renting an apartment, and even applying for a job. Depending on how proof of credit is needed, sometimes having zero credit can be worse than having bad credit. The issue then becomes how can you build credit when you cannot even get approved?

At Timberwood Bank, we want to help. As we anticipated the end of the school year, we considered graduating students, some of the challenges they face, and how can we help them build credit for their future. That is how our Credit Builder Loan came into being.

This is how it works:

1. You borrow \$1,000 for a term of 12, 18 or 24 months.
2. The money you borrow is then placed on hold in a Savings Account for you and earns interest.
3. You make monthly principal and interest payments to repay the amount you borrow and when you make your final payment, the funds are available for you.

At the end of your loan term, you will have started to establish credit\* and have a jump start on your savings. Speak with a Timberwood Bank Lender about a **CREDIT BUILDER LOAN** with monthly payments as low as \$43.91!

**12 months - payment \$85.41** with 4.50% Fixed Rate, 9.324% APR\*\*

**18 months - payment \$57.70** with 4.75% Fixed Rate, 8.088% APR\*\*

**24 months - payment \$43.91** with 5.00% Fixed Rate, 7.571% APR\*\*

\*Credit Building results are not guaranteed and are dependent on your specific situation and financial behavior. \*\*Annual Percentage Rates effective May 1, 2017 and based upon a loan amount of \$1,000 with \$25 loan administration fee. Must be 18 years old at time of loan application. Subject to credit approval.

## Quick Tips to Raise Your Credit Score and Keep it High

Information provided by the Wisconsin Bankers Association

### Monitor Your Debt Ratio

One of the major factors in your credit score is how much revolving credit you have versus how much you're actually using. The smaller that percentage is, the better it is for your credit rating. It's best to keep your debt-to-credit ratio 30 percent or lower.

### Don't Avoid All Debt

One common misconception is that any debt on your credit report is bad, which is not entirely true. Good debt – debt that you handled well by making on-time payments – is good for your credit score because it shows that you are a reliable borrower. This is especially true if it's old debt, because it extends your credit history. This is also why you should keep your oldest credit cards active, even if you don't use them very often. Cancelling a credit card that you've had for a long time will shorten your credit history, which could negatively impact your overall credit score.

### Check Your Report and Dispute Errors

Finally, be sure to check your credit report for errors. Look for new accounts that you didn't open and large purchases you didn't make, as these not only hurt your credit score, they can be signs of fraud or identity theft. You're entitled to one free copy of each of your three credit bureau reports (Equifax, Experian and TransUnion) every 12 months through [AnnualCreditReport.com](http://AnnualCreditReport.com).

# Club Timberwood's Merchant of the Quarter

Club Timberwood Members: *Receive 20% off all automotive detailing products.*

110 Jefferson Street, Tomah  
(608) 372-2159 | [SchreierAutoSupply@outlook.com](mailto:SchreierAutoSupply@outlook.com)

## Schreier Automotive Supply, LLC.

*We are pleased to feature one of our newest Club Timberwood Merchants, Schreier Automotive Supply which opened recently under the ownership of Chris and Leslie Schreier. What better way to hear about their business than straight from Chris himself?*

Our family has been in business in the Tomah area for over 50 years. Since 1963, the Schreier family has provided the area with farm machinery, fuels and oil, lawn and garden, and sporting equipment. I started as Manager of Schreier's Lawn & Sports, along with Schreier Oil back in 1980. Eventually purchasing the Oil division in 1989 and selling the business to Midwest Fuels in 1994.

I grew up working in a family business and always wanted to get back into serving the public needs. When the opportunity to purchase the NAPA store from the Johns family came up earlier this year, I gave Ron a call and with the purchase of the business on May 1, Schreier Automotive Supply became a reality.

NAPA is probably the best and most recognizable name in the automotive parts industry and I have always been involved with brands that are well represented who always do their best to serve the customer. It seems like a perfect fit for our family at this time. My wife Leslie and I are the owners and our son Austin is the Store Manager. Our number one goal is to satisfy our customer with all their automotive parts needs and make our store their number one choice. Our store is fully stocked with NAPA parts and merchandise and we will make sure our customers are fully satisfied before leaving our store.

As a locally owned family business, we understand the joys of being a part of a community. Our son and daughter grew up being involved with youth groups and sports. I have been involved with the Monroe County Fair and Super National Truck and Tractor Pull for over 45 years and currently have been serving as President of the Monroe County Agriculture Society (promoter of the Fair and Tractor Pull).

What comes along with owning a business in our community is an opportunity to get reacquainted with the residents and businesses in the area. We welcome all to come and visit us at our store.

***Is your business a Club Timberwood Merchant? Call us today and find out how!***

We were so honored to receive the 2017 **IPAK Award** at this year's Boys & Girls Club Annual Banquet. The Investment Partnership Award for Kids is presented to a company who partners with and works side by side with the Club, helping it to thrive, continuing the success of the Club. Thank you Boys & Girls Club of West-Central WI! We appreciate all that you do for the children and parents in our community and thank you for this honor!

*(pictured L to R: Andrea Peterson, Susan Holmes, Robert Holmes, Kevin Ravenscroft, Tom Trautsch, Rachel Oakes, Kristi Arzt and Kristi Betthausen)*

We were also very privileged to receive the 2017 **Outstanding Area Business Award** from the FFA-Tomah Chapter. We are thankful to know such a wonderful group of students and leaders and thank them for this honor!

At our annual Save a Cow, Roast a Pig FFA lunch fundraiser, an all time high of **\$3,713** was raised in sales and donations! Thank you to all who came out to support the FFA with a special thanks to our co-sponsors: BP Smokehouse, Culvers and Sears. (pictured: Timberwood employees and FFA students)

### Sweet Corn Relish

#### Ingredients:

6 cups fresh corn kernels (about 8 ears)  
3 cups chopped green cabbage  
1 cup chopped red bell pepper  
1 cup cider vinegar  
1/2 cup sugar  
1/2 cup chopped shallots (about 2 large)  
2 teaspoons celery seeds  
2 teaspoons mustard seeds  
1 teaspoon salt  
1 teaspoon cumin seeds  
1/2 teaspoon ground turmeric  
1/8 teaspoon crushed red pepper

#### Directions:

Combine all ingredients in a Dutch oven; bring to a boil. Reduce heat; simmer, uncovered, 20 minutes or until vegetables are tender and most of liquid evaporates, stirring frequently. Cool; pour into airtight containers.

Note: Refrigerate relish in airtight containers for up to six weeks.

# *Family Donates Cranberry Glass Collection to*

## WISCONSIN CRANBERRY DISCOVERY CENTER

During their 53-year marriage, Warrens cranberry growers Clinton and Ellen Potter amassed a collection of 1,500 pieces of cranberry glass, continuing to add pieces until Ellen's death in 2000. Following Clinton's death last year at age 95, the couples' three children – Peggy Anderson, Jack Potter and Becky Hayes – began discussing how to disperse their parents' vast collection.

"We talked about dividing the collection between the family members, selling it through an auction house, donating it to the Museum of American Glass in West Virginia in order to keep the collection together, but ultimately we decided to give Clinton and Ellen's cranberry glass collection to the Wisconsin Cranberry Discovery Center," said daughter-in-law Lorry Erickson.

"Words cannot express our gratitude for the Potter family's wonderful donation of their parents' cranberry glass collection to the Cranberry Discovery Center. The sales of the glass will help ensure the future of the Discovery Center and its mission to educate visitors about cranberry production and Wisconsin's cranberry growing heritage," said Kelly Murray, Wisconsin Cranberry Discovery Center Executive Director.

Clinton and Ellen purchased their first piece of cranberry glass – a candy dish – in January 1947 using money they had received as a wedding gift from Clinton's mother, Eva Potter.

The couple didn't begin collecting cranberry glass in earnest, however, until the late 1980s. By then they were semi-retired from the cranberry marsh and had more time to travel. During their winter vacations in Florida, they would visit antique shops and often fill their camper with cranberry glass to bring home to Wisconsin.

The couple purchased cranberry glass from well-known makers like Fenton, Rossi and Pilgrim, but they also have pieces by Hobbs, Moser, Moholt, Cambridge, Union Glass and Northwood Glass companies. Some of their glass is from England, Austria, Germany, Bohemia and Czechoslovakia.

# A DAY IN TRAINING

What do you do when your area is known for cranberries, and you realize you have very limited knowledge of the industry? You connect with an expert in the field and spend a day on a marsh!

Frequently throughout the year, but especially in the fall, we get many questions related to cranberries: Why is this area so good for growing them? Can we tour a marsh? Are they in water all year round? How are they harvested? How do I cook them? I was excited to have the opportunity to spend a few hours working for Ed and Ann Grygleski learning the answers to these and many more questions.

What did I learn? Oh, boy, where do I start! As I was there for one of the planting days, I was able to get my hands in the sand and plant vine plugs. It is very important to get each plug in the sand just right so that the vine takes off and produces fruit. Grygleski's have procedures in place to ensure that each location that needs a vine has one. There is no wasted space in the beds. Each of the nine people in the cranberry plug planter are continuously depositing the plugs into a row created by the machine. They are prompted by a beep that occurs every two seconds to ensure that the plugs are at the appropriate distance apart. This procedure is not used by every cranberry grower, many growers use a method that mows the vines and presses the clippings into a new bed.

It took several hours to plant one bed and Mr. Grygleski was hoping to plant two beds the day I was there, so the crews were kept very busy. Mrs. Grygleski was kind enough to provide lunch for me and continue to answer my varied questions. For example, in the picture above, Mr. Grygleski is adjusting the equipment so that the other workers could get the plugs in at the ideal depth. In the picture below, Mr. Grygleski is holding a tray of plugs ready for planting. Each tray holds 98 plugs and we went through 72 trays for just three rows of planting!

It is my hope to return during the harvest season to continue my cranberry education. At that time, I'll provide you with an update on what I have learned. Until then, my sincere thanks to Ed and Ann Grygleski for their time and tutelage. This was a great experience and I am hoping to put my newfound knowledge to good use as visitors come through!

## THE THREE MIRACLE WORKERS

On the cover, I mentioned our sincere thanks to the community for their support during our building renovation and move; however, I wanted to take a moment to spotlight the people I get to work with every day: Amanda Grossell, who has been with us since almost the beginning of the project, taking thousands of pictures so that we could document the progress and transformation, and Leah Burns and Siranda Swiergosz who helped frame pictures, provide input and organize the move. Of course, it was all hands on deck for the physical move! I can't thank them enough for helping put together every piece of furniture and making multiple trips between buildings and storage units to make this happen in time. By the time our first open house occurred on June 9th, this crew had already put in a full 9+ hour day with another 3.5 hours of tours and entertaining to do. This is all after working overtime all week helping move. They were tired and bruised, but they kept up a fantastic attitude and spirit! Then on Monday, they stepped right back up to the plate to give more tours, cook brats and push on through the transition. To this fine group, I say "Thank you, thank you, thank you!"

## CRANBERRY GLASS ON DISPLAY

Thanks to a generous donation from the family of Clinton and Ellen Potter Family, the Wisconsin Cranberry Discovery Center has a large beautiful display of cranberry glass for sale. The proceeds of any sales will benefit the Discovery Center. Chamber Ambassadors were able to celebrate this donation on Friday, June 23rd with members of the WCDC board and the Potter family.

Pictured here are Tina Thompson, Peggy Anderson, Becky Hayes, Jack Potter, Jerry Bach, Jason Krultz, Jim Peterson and Tom Lochner.

## Fort McCoy

### UPDATED BY THERESA FITZGERALD

#### Commemorative Area open select Fridays

The Commemorative Area will be open to the public from noon to 4 p.m. Friday, July 14 and 28. No appointment is required.

The Commemorative Area features the History Center, which now is handicapped accessible; five World War II-era buildings filled with historical equipment and displays; an outdoor Equipment Park; and Veterans Memorial Plaza.

#### Fall hunting applications available on iSportsman

Hunters can now apply for fall hunts at Fort McCoy. Fall quota season permit applications for 2017 were posted to the Fort McCoy iSportsman website, <https://ftmccoy.isportsman.net>. The Fort McCoy trapping-season application will be available in August.

Fort McCoy offers a limited number of hunting permits through a drawing process for nine-day gun-deer, cantonment archery, fall turkey, and trapping seasons, as well as the gun hunt for hunters with disabilities.

Those who would like to apply for a permit must submit an online application to enter the drawing; no paper applications will be available. There is no application fee.

Applicants must have an iSportsman account in order to apply. All iSportsman accounts must include a Wisconsin Department of Natural Resources customer ID number.

Access the online applications by logging into an iSportsman account and clicking on "acquire permits."

Follow the online application prompts, save the application to the cart, and make sure to "check out" and confirm the order. Only four people may be listed per group application order.

Quota permit applications must be received by 11:59 p.m. July 31. Drawing results are expected to be available after Aug. 7.

Applicants who are selected may purchase their Fort McCoy permits through the WDNR GoWild licensing system after Aug. 21.

For more information about hunting and fishing on Fort McCoy, call the Permit Sales Office at 608-388-3337.
